

# Luxury

## Luxury UV/LED step by step:

File and shape nails. With a wooden stick, by use of **Cuticle Remover Ultra Fast Gel** push away the cuticle, then remove it.

Mat the nail plate.

Degrease the nail plate with **Dehydrator Pre Nail Prep**.

Apply **Luxury BIO-KERATIN BASE COAT UV/LED** – cure with UV light – 2 min, LED – 1,5 min.

Apply one thin coat of **Luxury BIO-KERATIN GEL POLISH COLOR COAT UV/LED** – cure with UV lamp – 2 min, LED – 1.5 min. If necessary, apply a second thin coat – with UV light – 2 min, LED – 1.5 min.

Protect the entirety thoroughly with **Luxury BIO-KERATIN TOP COAT UV/LED** – cure with UV light – 2 min, LED – 1.5 min.

Remove the dispersion coat with a cotton pad soaked with **Finish Cleaner Super Shine**.

After styling apply one drop of **Cuticle Oil** onto each nail and rub in.

## Luxury UV/LED removal:

Mat the surface of the nail with a **180 grit Mollon Pro file** and file the free edge of the nail.

Soak a cotton pad with **UV Remover Quick & Easy**.

Wrap each nail with aluminum foil, leave for 15 – 20 min.

Gently remove the manicure with a wooden stick. Using **Mollon Pro 320/500 grit matting nail file** gently smooth the surface. Wipe the nail with a cotton pad to remove any excess of the product.\*

\*Depending on the condition and type of the nail plate as well as the type of the styling to be removed – possible modification removal method
